MEDIA RELEASE

December 10, 2013

Kamloops Airport announces the traveler numbers for the month of November as compared to the same period in the previous year:

Monthly Travelers	22,445	24,170	7%
Year-To-Date Travelers	249,337	260,373	4%

As with previous months, the growth in travelers this month continues to be led by commuting workers who commute to Northern Alberta and BC while maintaining their home in Kamloops. In addition, the early arrival of good ski conditions has also helped to boost numbers this November.

The following aircraft movements were recorded in November as compared to the same period in the previous year:

2012	2013	Change	
IFR	1,107	1,145	3%
VFR	<u>491</u>	<u>511</u>	<u>4%</u>
Total	1,598	1,656	3%

With the increasing prevalence of online shopping, cargo aircraft activity is building toward the seasonal high in December. All those packages that are intended for Christmas giving are being delivered by the courier companies.
