

## KAMLOOPS AIRPORT

### MEDIA RELEASE

January 13, 2014

Kamloops Airport announces the traveler numbers for the month of December and year end as compared to the same period in the previous year:

	2012	2013	Change
Monthly Travelers	26,087	30,021	13%
Year-To-Date Travelers	275,424	290,394	5%

2013 is once again a record setting year. Additional capacity for both Calgary and Vancouver has brought more travelers than ever to the airport. Throughout the year, the growth in travelers was led by commuting workers who commute to Northern Alberta and BC while maintaining their home in Kamloops. Record numbers of visitors to Sun Peaks also helped to contribute to a big boost in December.

The following aircraft movements were recorded in December and the year as compared to the same period in the previous year:

	Dec 2012	Dec 2013	Change	2012 Annual	2013 Annual	Change
IFR	1,042	1,162	11%	12,607	12,695	-
VFR	<u>479</u>	<u>407</u>	<u>-16%</u>	<u>11,273</u>	<u>12,938</u>	15%
Total	1,521	1,569	3%	23,880	25,633	7%

This year the growth in aircraft movements has been led by air cargo services and the resource development sectors.
