

KAMLOOPS AIRPORT

MEDIA RELEASE

May 7, 2014

Kamloops Airport announces the traveler numbers for the month of April and year-to-date as compared to the same period in the previous year:

	2013	2014	Change
Monthly Travelers	22,676	23,609	4%
Year-To-Date Travelers	99,047	110,756	10.6%

Growth among travelers continued through April and were driven by TRU and SD73 student movements along with strong corporate travel. This is typically the time of year where we see the TRU international students return home for the summer and the SD73 students begin their exchange programs. While corporate travel normally declines in April, this year it remained strong through the month.

The following aircraft movements were recorded in April as compared to the same period in the previous year:

	2013	2014	Change
IFR	1,117	1,089	-3%
VFR	<u>911</u>	<u>1,139</u>	<u>25%</u>
Total	2,028	2,198	8%

Aircraft activity increases are generally in the corporate and cargo courier sector. This type of activity is strongly correlated with increased economic activity in the region.
