

KAMLOOPS AIRPORT

MEDIA RELEASE

May 9, 2014

Kamloops Airport announces the traveler numbers for the month of May and year-to-date as compared to the same period in the previous year:

	2013	2014	Change
Monthly Travelers	21,695	22,837	5.3%
Year-To-Date Travelers	120,742	133,593	9.6%

Strong growth among travelers continued through May, driven largely by corporate travel and by inbound and outbound TRU student travel. This is typically a stable travel period and the increases reflect improved frequencies to the Calgary market. An additional evening departure to the Vancouver market effective July 1st will further improve corporate and summer vacation travelers' connectivity in that market.

The following aircraft movements were recorded in May as compared to the same period in the previous year:

	2013	2014	Change
IFR	1,012	1,056	4.3 %
VFR	<u>1,627</u>	<u>1,620</u>	<u>-0.5 %</u>
Total	2,639	2,676	1.4 %

Aircraft activity is also generally stable during this period. Moderate increases can be attributed to increased corporate charter movements related to the film industry activity in the area.
