

KAMLOOPS AIRPORT

MEDIA RELEASE

May 13, 2015

Kamloops Airport announces the traveler numbers for the month of April and year-to-date as compared to the same period in the previous year:

	2014	2015	Change
Monthly Travelers	23,609	24,492	3.61%
Year-To-Date Travelers	110,756	109,376	-1.26%

This month has seen a leveling off of the decline in the number of resource workers traveling to the Northern Alberta. Combined with the new Edmonton connection on WestJet Encore, this month is an increase in year over year numbers of travelers. This number represents the last month of the ski season as well and the area resorts have had success attracting the Edmonton ski market to the Kamloops area. The low Canadian dollar encourages Canadians to stay in Canada and it attracts more visitors from the United States as well.

The following aircraft movements were recorded in April as compared to the same period in the previous year:

	2014	2015	Change
IFR	1,089	1,159	6%
VFR	1,139	1,289	13%

We continue to see growth in movements that are attributed to increased cargo and courier activity related to the increased number of local courier companies.
