

KAMLOOPS AIRPORT

MEDIA RELEASE

June 10, 2015

Kamloops Airport announces the traveler numbers for the month of May and year-to-date as compared to the same period in the previous year:

	2014	2015	Change
Monthly Travelers	22,837	24,112	5.3%
Year-To-Date Travelers	133,593	133,488	0%

Traveler numbers have levelled off from a decline in resource workers traveling to the Northern Alberta. As with April, combined with the new Edmonton connection on WestJet Encore, this month is an increase in year over year numbers of travelers. We anticipate a stronger Alberta presence in the Kamloops area this year with the low Canadian dollar. We also anticipate more visitors from the United States as well due to the same Canadian dollar value.

The following aircraft movements were recorded in May as compared to the same period in the previous year:

	2014	2015	Change
IFR	1,056	1,084	2%
VFR	1,620	1,866	15%

We continue to see growth in movements that are attributed to increased cargo and courier activity related to the increased number of local courier companies. These numbers also reflect an earlier than normal forestry wildfire season.
