

KAMLOOPS AIRPORT

MEDIA RELEASE

February 15, 2017

Kamloops Airport announces the traveler numbers for the month of January as compared to the same period in the previous year.

	2016	2017	Change
Monthly Travelers	31,233	29,966	-4.2%

In January travelers were off slightly due to weather interruptions to flight operations. Major storms in both Vancouver and Calgary affected flights to and from Kamloops over several days.

The following aircraft movements were recorded in January as compared to the same period in the previous year:

	2016	2017	Change
IFR	1,201	1,011	-15.8%
VFR	760	713	-6.2%

With corporate, medevac and cargo aircraft operations, the main connector airport is Vancouver and the winter storms there also had an effect on the number of aircraft able to operate in January.
