

MEDIA RELEASE

November 14, 2024

Kamloops Airport announces the traveler numbers for Q3 of 2024, as compared to the same period from the previous year.

	2023	2024	Change
Q3 Travelers	74,092	70,638	-4.7%
July	23,539	23,374	-0.7%
August	26,388	23,579	-10.7%
September	24,165	23,685	-2.0%
YTD	227,478	233,947	2.8%

Although initial Q4 numbers are improving, passenger numbers for Q3 reflect the continued long-term impacts from the COVID-19 pandemic, economic uncertainty and the potential wildfire activity during the summer months that have impacted leisure travel and slowed recovery. Sustained industry challenges associated with flight crew availability to serve regional markets, along with the reduction in competing service to the Vancouver market are also contributing factors.

As we head into the upcoming holiday and winter travel season, passengers are encouraged to explore the many convenient connections to popular sun destinations available from Kamloops.
